Good evening,

Our organization was sent a concerning article regarding the potential of 500,000 pesticide-leaking DDT barrels in the ocean, near Santa Catalina Island.

I'm sure you've read the article, but if not... <https://www.latimes.com/projects/la-coast-ddt-dumping-ground/> --- Let's get this addressed and cleaned.

Thank you for your time and all you do,

Caleb
